## **NPC : Personnel consultancy services**

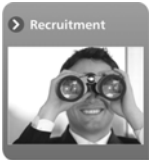

We are present on the central European market (Czech, Slovakia) since 2006 first as a HR division of our parent company N-Partner, since 2008 due to the diversification of N-Partner`s activities, as an individual company NP Consulting.

We offer wide range of personal services such as personnel recruitment or personnel outsourcing that also provides our older sister company – NP Outsourcing on Czech market.

Our NPC team also supports clients by candidates often very difficult to recruit using a special service - „executive search“.

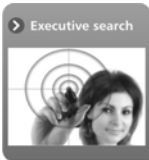

Among our clients you will find many prestigious foreign companies investing their assets in the region of the central Europe relying on quality of personnel selected or trained by us.

## **NPC : PRODUCTS OFFER**

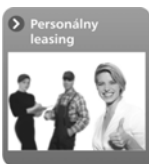

### **Recruitment**

Search and recruit suitable candidate according to the client requirements. In case the candidate leaves or would be dismissed under contract warranty conditions, NPC finds substitute candidate or refunds contracted part of the commission fee, back to the client.

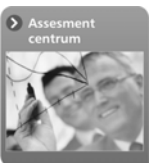

### **Executive search**

Direct search, in other words „brain hunting“, of the experienced candidate in the required field and the major. Use of NPC internal database and our personal contacts, allows our consultants to approach candidates that are not active on the human resources market. Our commission fee depends on the individual agreement with the client. In case the candidate leaves or would be dismissed under contract warranty conditions, NPC finds substitute candidate or refunds received commission back to the client.

### **Personnel outsourcing/leasing**

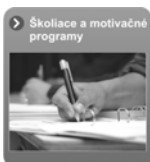

Leasing of our human forces in the production, administrative also in the management. Client pays contracted hourly tariff for a personnel employed in his business operation. The only paper work in between NPC and the client is the monthly invoice consisting of the total sum of working hours per employee.

### **Assessment Centrum**

Reliable method of the candidate's personal profile assessment by real working condition simulation and the method of the group selection.

## **NPC : PRODUCTS OFFER**

### **Training and motivation programs**

- Slovak, English, French, Chinese, Japanese etc. language programs for client's employees or expatriates in cooperation with N-Partner's – A.I.C. npo. (Asia Information Centrum non profitable organization)
- Effective MONOZUKURI production management training : Japanese secret of the production successes. Production methods overview, used all around the world and rescuing big companies during economy crisis. (TPM,TPS,5S...).

### **Employees motivation and salary system assessment**

Consultancy and set up of the monthly employees awarding system, which will help company management to motivate personnel and also contributes to the up-bottom communication with the staff, using effective natural, non bureaucratic system.
